Subject:
Gas Sampling Plan for landfills at The Dalles, Oregon
RCRA Permit No. ORD 052 221 025

Dear Frederick, Christy and Harry:

In response to USEPA's (Christy Brown's) June 18, 2012 request, this transmits a draft work plan to sample gas from the RCRA and CERCLA landfills. Lockheed Martin also committed to delivering a plan in its June 26, 2012 meeting with USEPA. This plan submission is also intended to address Lockheed Martin's commitment to USEPA. The plan has been jointly developed by ARCADIS and Lockheed Martin.

Please approve or comment on the plan. We look forward to addressing your concerns on an expedited basis.

Sincerely,

Lynden Peters
Project Manager
